

CONGREGATIONAL CARE UPDATE - AUG. 16 - 22, 2022

Marie Spoelman

Marie is at American House in Holland for continued care, Bay Pointe Manor Room #15 if you wish to visit or send a card.

Duck Elzinga

Duck had another CT scan this week They've made the decision to not have immunotherapy or chemo treatments to address the large mass on his liver. He's receiving hospice care in his home. Please pray for Duck, Jean & their family.

Amy Ritsema

Amy is recovering from her trip to Amsterdam with her daughter Leah. She had her ileostomy reversed at the end of May, a huge win but has it's own set of challenges. Her treatment and surgery were successful. There is no visible cancer in her body. But because of microscopic cancer, reoccurrence with ovarian cancer is common so she will take a chemo pill for the next 2 years. Please pray that the new nausea drug will help in tolerating the chemo pill that began on July 18 and its effectiveness long-term.

Ruthann Voss

Ruthann has finished her chemo treatments with surgery scheduled for Sept. 23. Praying these treatments are highly effective in removing all cancer from her body.

Tim Klunder

Tim's CT scan on Aug 2 showed that the targeted radiation on his left adrenal gland, the targeted drug therapy and immunotherapy are having positive results as all areas of cancer in his body have shrunk in size and there are no signs of any new cancer spots. Tim continues to feel well, and his body has been handling the treatments. The Klunders continue to thank all of you for your prayers and words of encouragement. The hugs, the smiles, cards, and positive words are the best medicine he could hope for.

Chuck Berghorst

Chuck continues to have intense nerve pain on the tops of his feet, and it is worse than ever. He is on his 5th nerve pain prescription with no relief, and they've been to 4 different doctors/specialists with no answers on how to get Chuck relief. They are SO appreciative and grateful to those who continue to pray us thru this journey.

Doug Danckaert

Doug continues with treatment for melanoma and has been feeling good. He continues to take his medication and have regular doctors' appointments. Specific prayer requests would be for continued limited side effects and for the effectiveness of the medication.

Herk Vollink

Since Herk's scans revealed no change from the chemo treatments for appendix cancer, they have made the difficult decision to not continue treatments.

Sam Mulder

Sam will have more scans coming up soon. Please pray for Sam and his family as they enjoy the summer months and as Sam prepares to return for his 2nd year of college this fall.

Robert Morgan

Robert continues to recover, has physical therapy and is slowly getting a little stronger everyday.

John Klokkert

John received more good news that his body is clear of cancer. Praise!! Prayers appreciated as his surgery is scheduled for August 25.

Beth VanDyken

Beth continues with immunotherapy every 3 weeks for the next year. She is done with radiation, praying the side effects will resolve. She will see another GI specialist for some stomach issues that have not resolved.
